Mr. Lewis:

Pursuant to Section 8(b)(7) of the Small Business Act, as amended, the Small Business Administration hereby certifies that the subject small business firm is responsible to perform the proposed procurement covered by the above referenced solicitation. Attached hereto is the rationale for our decision.

In accordance with that same section of the Small Business Act, you are required to let the contract for the above referenced solicitation to the certified concern without requiring it to meet any other requirement of responsibility or eligibility. Immediately upon award, it is essential that this office be notified of the contract number and effective date. If the contract for which this Certificate of Competency (COC) has been issued has not been awarded within 60 days, please inform this office of the reasons for the delay.

All inquiries regarding this case should be directed to the COC Program Staff at (617)565-5570. Please make reference to the assigned SBA case number when contacting this office.

Sincerely,

Janette Fasano
Area Director
for Government Contracting

RATIONALE FOR DECISION

SBA Case No: COC-02-23174
Solicitation: SOL-R7-14-00008
Item/Service: Residential Environmental Remediation
Services/Washington County, Missouri Lead District
Value: [REDACTED] (Base Year)
Firm: Coastal-Enviroworks JV
250 Executive Drive, Suite K
Edgewood, NY 11717

The firm has demonstrated the technical ability to perform on this procurement. Plant, facilities, and equipment factors are favorable. Material availability/subcontractor support has been determined to be acceptable. The intended site superintendent has confirmed that he gave permission to the applicant to use his resume and to sign the letter of intent on his behalf. Furthermore, he will be the site superintendent if the applicant were to receive the contract award. The firm can meet all quality control requirements of the proposed contract. Performance record is satisfactory. Planning for this contract has been reviewed, found to be attainable, and demonstrates ability to meet all required delivery dates. Cost analysis indicates realistic estimates for contract performance with ability to generate a profit. The firm has sufficient financial resources to support the proposed contract along with their projected work program.
